Mr. E. P. Lovejoy, a large dealer in general merchandise, and editor of the Wabaska Mangler, at Wabaska, Nevada says: "I have tried St. Patrick's Pills and can truthfully say they are the best I have ever taken or known used." As a pleasant physic or for disorders of the liver they will always give perfect satisfaction. For sale by G. C. Thaxter.

Change is one of the irresistible laws of nature, and fortunately the change is almost invariably for the better. As an instance of this, St. Patrick's Pills are fast taking the place of the old harsh and violent cathartics, because they are milder and produce a pleasanter effect, besides they are much more beneficial in removing morbid matter from the system and preventague and other malarious diseases. As a cathartic and liver pill they are almost perfect. For sale by Geo. C. Thaxter.

### HEBREW NEW YEAR.

Now it was ushered and celebrated in this city last evening.

The Hebrew year, 5560, began at sundown last evening. The new year is celebrated on the first day of Tishri, the seventh Jewish month, and is the greatest of Hebrew holidays. The day of atonement, of Yom Kippur, is observed on the tenth day of the same month. These two days are usually commemorated by both orthodox and reformed Jews in all parts of the world.

The Jewish new year is celebrated by services. While all other religious sects begin the new year with gaiety and merriment, the Hebrews make the first day of the year a penitential day and contemplate it as a milestone in life's journey. Notwithstanding the fact that entire twelve months mercantile affairs engross the whole attention of the Hebrews, the two great holidays are the most scrupulously observed. On New Year's Day the Jews present themselves humbly and gratefully at the synagogue and offer prayers of gratitude for past mercies and earnest entreaties for future blessings.

Both orthodox and reformed Jews celebrate the first day of the new year with equal solemnity, but the Jews belonging to the orthodox faith keep two days with much solemnity.

The day of atonement is a fast day, beginning at sundown on the ninth day of Tishri and ending on the tenth day of the same month. After the day of atonement, on the fifteenth day of Tishri, the feast of tabernacles of Succoth is celebrated. The festival commemorates the Hebrews' forty years of wandering in the desert. It is one of three Jewish high feasts and it lasts seven days, the first and last of which are devoted to services in the synagogues.

ARTISTIC.—Mrs. R. M. Clarke of this city has been a successful competitor at the California State Fair having taken eight prizes on fancy needle work aggregating \$52. These prizes were doubtless justly bestowed, as no lady on the Pacific Coast shows more talent in that direction. Miss Carrie Belknap took two prizes of \$5 one an oil painting and the other for two jars.

### LAKE TAHOE WATER.

Prospectus of the Lake Tahoe and San Francisco Water Works to supply that city.

The S. F. Chronicle of Thursday, contains the following: The Board of Trustees of the Lake Tahoe and San Francisco Water Works filed and important proposition with the Board of Supervisors yesterday. The proposition is to supply this city with 30,000,000 gallons of pure fresh water daily in consideration of the sum of \$15,000,000 in gold bonds, payable in twenty years, with interest at the rate of 4 per cent. per annum. The payments of that sum are to be as follows: Eighty per cent. of the contract price as the work progresses and material is delivered, the balance of the contract to be paid when the work shall be completed. The company proposes, upon the completion and fulfillment of the contract, to assign all pipe lines, together with the reservoir at or near Auburn, Placer county, and the reservoir in this city, to the city of San Francisco, and will guarantee that the city and county shall forever be entitled to receive 30,000,000 gallons of water free of charge. The payments by issue of bonds required during the progress of the work are expected to be as follows: The first year, \$1,000,000; second, \$2,000,000; third, \$3,000,000; fourth, \$4,000,000; fifth, \$5,000,000; total, \$15,000,000.

Accompanying the proposition, which is signed by A. W. Von Schmidt, President of the Lake Tahoe and San Francisco Water Works, is a prospectus giving information concerning the source of the water supply. The total distance to be covered by pipe lines from Lake Tahoe to this city is 218.19 miles, the greater part of which has already been surveyed. The reservoir at Lake Tahoe has an elevation of 6,220 feet, an area of 240 square miles and a depth of 1500 feet. The water which supplies the lake is derived from innumerable mountain springs and the melting snow, which falls to a great depth in the winter months.

The company asserts that if the proposition is accepted by the Board of Supervisors, the people of this State will enjoy a saving of at least one half of the present high water rates.

### BASE BALL NOTES.

John Clarkson of the Boston Club, who is this season easily the star pitcher of the National League, says he shall by the end of the season have broken League pitching records in four particulars, namely: Number of games pitched, number of games won, number of men struck out and number of bases on balls.

Tuscorora has four crack players from the East, who have been given steady employment in the mines, and we would like to see that club challenge the nines of the Western part of the State, and play them at the State Fair for the championship.—Austin Reveille. It is true we have a club here who are not afraid to meet any nine in the State, but our neighbor is mistaken when it says they are from the East.—Times Review.

OPENING DAY.—Not the opening day of the Fair, but the Fall opening of Miss Lohman's millinery parlors next to Chateau & Golden's jewelry store. Miss Lohman spent a couple of weeks in San Francisco, and will give Carson ladies the benefit of her observation of all the latest styles and novelties in head dress for ladies and misses. An inspection of her stock is worth while.

REMARKABLE FECUNDITY.—Mrs. Hiram Snell, of Malad, Idaho, has given birth to sixtets—three boys and three girls. They weigh eight pounds altogether. All are quite hearty and promise to live.

NOTICE.—Owing to the scarcity of water the patrons of the Carson Water Company are hereby notified that irrigation will be permitted on Tuesdays and Saturdays only. The necessity for this order is imperative, and the cheerful compliance on the part of consumers will save unnecessary trouble.

HENRY DAUGHERTY, Superintendent.

THAT HORSE COMPLICATION.—The horse case came up in the Justice Court yesterday, but was dismissed on account of a flaw in the complaint. It seems that Wiggins bought the horse from Voltaire Clarke for \$75, and Horton came and took it away, as he said that Selby, who sold the animal to Clark, stole it from him. Wiggins sued Clarke for the \$75.

THE NEW RAILROAD DEPOT.—Messrs. Isaacson and Senite, of the Building Department of the Central Pacific, are in Reno looking at the water mains and a few other details in regard to the new depot. Plans will be made for the contractors in a few days and bids received. If Reno builders do not make satisfactory proposals, the company will build it themselves.

SILVER PURCHASES.—Secretary Windom has decided that in the purchase of silver for coinage into silver dollars, he will hereafter accept the lowest offer for the amount required, provided that the price is within the market rate as required by law.

ACROSS THE CONTINENT ON WHEELBACK.—Tom Roe, the stalwart Chicago wheelman who arrived in San Francisco last Thursday with the announced intention of riding to Chicago on a bicycle to beat Thomas a Steven's record of 59 days, started on his journey at noon Saturday.

A HALE OLD MAN.—Mr. James Wilson of Allens Springs, Ill., who is over sixty years of age, says: "I have in my time tried a great many medicines, some of excellent quality; but never before did I find any that would so completely do all that is claimed for it as Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is truly a wonderful medicine." For sale by Geo. C. Thaxter.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic, and is the best remedy for diarrhoea. Twenty five cents a bottle.

PIANO TUNING.—Frederick Zech is now in the city attending to the piano tuning formerly attended to by his brother, and will be found at Charles Friend's until further notice, where he is prepared to receive all orders, which will be promptly attended to. s22

ATTENTION HUNTERS.—Cagwin & Noteware load shells on short notice, and precisely as ordered. Shells loaded by their patent machine are sure to kill every time, no matter who holds the gun, leave orders at once and be in time for the shooting season.

What on Earth Is the reason people will not, cannot, or do not see any difference in cheap nos trumps put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedic, Druggist.

How Can Parents allow their children to cough and strain and cough and strain and say: "Oh! its only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedic, Druggist.

Cough! and Cough!! and Cough!!! What in the world is the reason you will cough and keep coughing and still keep trying inferior medicines when BEGG'S CHERRY COUGH SYRUP will positively relieve your cough at once? This is no advertising scheme, but an actual fact, and we guarantee it. W. H. Chedic, Druggist.
